## Connecting Ukrainians to Employment (CUE) Program

### EMCN's CUE Program:

- Began in Oct. 2022 and will run until Sept. 2024.
- Provides FREE employment services to Ukrainian evacuees (newcomers) impacted by the ongoing war in Ukraine.
- Purpose is to build employability skills and transition Ukrainian newcomers into the Canadian workforce and achieve financial independence.
- Offers services in English and Ukrainian, and connects with participants in-person, over the phone and virtually.

### Participants:

- Explore career and employment options with EMCN staff and work collaboratively to achieve goals.
- Receive pre-employment and safety training to improve their job search knowledge (i.e. resume, cover letter, interview skills, etc.)
- Receive ongoing support after employment.
- Gain access to employment and networking opportunities.

## How the CUE Program Works

1. EMCN CUE Program Welcome Sessions get Ukrainian newcomers familiar with the CUE program, various other EMCN programs and supports, and they fill out an application form.
2. EMCN Career Counselors book one-on-one meetings to conduct employment assessment and develop a personal service plan for each participant.
3. Newcomers can attend workshops.
4. EMCN's Employment Placement Specialists connect newcomers with various employers during an active job search until they get a job.
5. EMCN hosts job fairs, hiring events and info sessions just for CUE program newcomers.
6. EMCN covers cost of safety tickets and safety equipment for Ukrainian newcomers as required.
7. EMCN provides ongoing support to help mitigate challenges for newcomers in the workplace. Support may include phone or in-person meetings with the newcomer and/or employer, and ongoing e-services for up to 180 days for Ukrainian newcomers after they have secured employment.
