

# Global Girls

Community Programs

The program is driven by participants' interests and needs: they decide what topics they want to learn about together and what activities they want to do.

## Participant benefits:

- An empowering place to feel like they belong.
- Connections to peers and role models who share similar experiences.
- Opportunities to try fun activities and learn from each other.
- Opportunities to explore Edmonton together.

A safe space for girls, women & femmes to make new connections, build their self-confidence and explore their identity.

## Program Outline
