

Language Services

Care for Newcomer Children Program

Learners in Language Instruction for Newcomers to Canada (LINC) classes at the Gupta Newcomer Resource Centre may be eligible for childcare at no cost in our on-site, licensed childcare program.

Care for Newcomer Children (CNC) Program

What is the CNC program?

The Newcomer Centre supports Edmonton-area families through some initial stages of settlement in Canada.

Our intercultural Care for Newcomer Children (CNC) program provides care and learning opportunities to children aged 6 months to 5 years while their parents attend Language Instruction for Newcomers to Canada (LINC) classes.

Our Newcomer Centre CNC program is funded by Immigration, Refugees and Citizenship Canada (IRCC) and licensed under Alberta Children's Services.

We currently offer on-site childcare and online programs.

Children are capable and strong, and at the Newcomer Centre, we respect each child as an individual, part of a family and part of our community. Through our CNC program, children are supported to learn and grow through playful exploration and responsive environments. Children's needs and interests are the centre of all we do.

Parents are encouraged to be involved in the activities of the program and to share their cultural and historical perspectives. We strive to be holistic in our approach to families, offering connections to other programs and services through the Newcomer Centre and other community agencies and groups.

Who is the CNC program for?

Parents who are Permanent Residents and enrolled in a Newcomer Centre LINC class, who are in need of:

- Childcare services for their child/children aged 6 months to 5 years, or
- Online learning opportunities for children aged 3 to 5 years.

Parents may also be eligible for this free childcare service.
